# Stocking Stuffers Are A Good Way To Start Holidays

Gifts have been left for children for centuries in stockings and shoes left by the mantle to dry. Although the need to hang stockings or place shoes by the fireplace is gone, the tradition of finding gifts in stockings remains.

Long ago, stocking stuffers consisted of fruits, nuts, candies or small toys like a hand carved top. Today's stockings hold a variety of items from expensive diamond rings to personal care products.

Not just for children anymore, holiday stockings are hung by the fireplace with care by the young and young at heart.
